

Stop Socialism

Angie voted Republican in the 2012 IN presidential primary.

In May 2024, Henzman resigned after approximately 17 months as party chairwoman.

* Her resignation followed a primary election in which Republicans cast more than twice as many ballots as Democrats.

During the May 2024 primary, several county races had no Democratic candidates.

According to Hometown News:

* Republicans cast approximately 8,000 primary ballots.

* Democrats cast slightly more than 3,000.

* Several Republican candidates faced no Democratic opposition

Henzman argued that the turnout difference was partly explained by Republicans having more competitive primary races.

Why would local Dems not run under her leadership?

A county chairperson is expected to help recruit candidates, raise money, and organize campaigns. Her departure meant the party needed new leadership in the middle of an election cycle.

!! !! Letting you guys know that my dad got stopped by a County Sheriff and asked for his documents. He showed him his documents that he is here legally and he was insisting that they were fake. He even asked for another document he was here legally. So he showed his Costco card!! His Costco card!! He was finally let go after he saw that my dad wasn't nervous. Then when he got to 18th street in LaPorte a guys in a black car with tinted window stopped him again asked him if he lived at our address. Then proceeded to follow him to our house!! He is safe!! But I wanted this to be a PSA!! Once again he is legally here and has been since the Reagan administration!! Letting you know that they are checking in La Porte !! !!

I will repeat this but he is safe because my coaching about what rights my parents have has helped a lot!! But please know your rights I will be posting them again so you can continue sharing

You need to know this is happening in LaPorte! I am pissed! And you should be too!

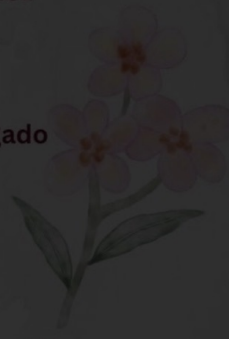

She's defending a woman who lost her life in the action of trying to seriously injure a law enforcement officer.

In 2025 ICE has murdered 2 people

Keith Porter

Today, at the protest, I read all the names of the people who have been killed by ICE since Trump took office. My heart is so heavy. Renee Good was not the first one, but hers was the most recorded and shared. We all saw it, and we all saw how he literally executed her. And he knew he was being recorded! No shame, no emotion. Cold blooded killer. I shudder to think about what they are doing behind closed doors. This is evil. And we can not stop calling this out! ICE is nothing more than tax payer funded bounty hunters and they are operating as Trump/Noem/Miller's personally army. There is NO ACCOUNTABILITY and NO JUSTICE. ICE must be abolished now!

Is Angie Henzman too focused on pushing democratic socialist talking points to put LaPorte County first? Our residents deserve a commissioner who prioritizes their needs over personal and clearly socialist beliefs.

More photos to show her ideology.
